MAIN GOALS TO ACHIEVE IN JUNE

It is planned to produce 480 tons of metal structures for objects that are under construction in Kaliningrad, Lithuania, Latvia, Finland and the Republic of Belarus, as well as 400 tons for the shipbuilding sector in June.

The anticipated volume of works in June, for all the "Litana" Group companies amounts 58000 hours.

Construction works of medicine manufacturing factory as well as sports and wellness center will be carried out in Kaliningrad.

Construction works of the wood treatment workshop and the wooden products manufacturing factory as well as erection of the factory manufacturing corrugated cardboard will be continued.

The 1st stage of erection of the logistics warehouse will be completed in Tambov.

It is planned to complete manufacturing of metal structures for the Klaipeda's Arena in Lithuania.

Construction works of the supermarkets will be carried out in Grodno and Pinsk, (the Republic of Belarus).

Delivery of the supermarkets in Minsk and Gomel to the customers will be the main goal to achieve in June.

Assembly works of metal structures of a market hangar and a slaughterhouse will be continued in Georgia.

Construction of the painting workshop will be carried out in Latvia.

Construction of a locomotives repair depot (1780m²) will be started in Finland.

It is planned to start building gymnasium in Norway.

Construction works of the supermarket in Minsk (Republic of Belarus).

Construction works of the supermarket in Grodno (Republic of Belarus).

VIOLETIONS OF OCCUPATIONAL SAFETY REGULATIONS IN THE BELORUSSIAN OBJECTS

Observance of the occupational safety regulations should be the priority for employees at work. Because of the carelessness and irresponsibility of the workers some cases of occupational safety violations still appear. A number of safety violations were found out during the internal inspection in Republic of Belarus.

“Litana” group construction director Salvijus Stankus and engineer for occupational safety Andrius Skiotys inspected construction sites of three supermarkets that are under construction in Grodno, Minsk as well as Pinsk (Belorussia) at the end of May. The similar violations and risk factors were detected in all three objects. Two main violations were revealed: the documents’ filling mistakes and infringements on construction sites.

After the violations were ascertained, the measures and instructions were given to eliminate them. The inspections will be held repeatedly to ensure whether violations are eliminated. The inspections are being held in all the countries where “Litana” Group is operating.

The headquarter draws attention of the objects’ immediate superiors, under whose responsibility is to organize and ensure the observance of the occupational safety regulations. In case violations are repeated, the strict measures will be applied.

Inobservance of occupational safety rules: workers work without helmets.

There are no grounds for trucks.

Disorderly electricity network, open wires.

Workers work without helmets.

“LITANA” GROUP CARRIES OUT ACTIVITY IN TURKMENISTAN

The head of site in Turkmenistan Vytautas Shareika

A team of “Litana” group specialists started its work in pumping station that is under construction in Ashkhabad, the capital of Turkmenistan. The main types of work which are carried out by “Litana” group in Turkmenistan are: assembly of monolithic and ferroconcrete structures. The team is guided by the head of site Vytautas Shareika. It is planned to increase number of workers of our company in the nearest months on this object. Pumping station with reservoirs and administration premises is built by the German company. It is anticipated to complete the project till the December, 2010.

NEW WORKS STARTED IN THE SHIPBUILDING SECTOR

The specialists of "Litana" group have started shipbuilding works of cruise vessel "Norwegian Epic" on the 12th April, 2010. Our company implements painting works on board. After the first 8 specialists have significantly recommended themselves, the paint-

ers' team was increased. At the moment the deputy of shipbuilding director Aleksej Frolov leads 30 workers, implementing painting works on the cruise vessel "Norwegian Epic".

Furthermore, insulation works have been started in the ship-

building yard in Finland on the April, 2010. "Litana" group team of insulators works in shipbuilding sector under the guidance of foreman Nikolaj Gavrilenko. Volumes of insulation works are constantly growing and are planned till September.

THE SECOND SPORTS FESTIVAL OF THE GROUP OF COMPANIES "LITANA" HAS STARTED

Football games have opened the second international sports festival of the group of companies "Litana" on 11th June, 2010 in Lithuania. Four teams – Lithuanian, Russian, Belarusian and the European Union struggled for the name of the winner. Competitions passed tensely, participants vigorously fought for the victory.

The European Union team became the winner of the football games. The members of this team were the workers from Latvia and European countries

as well as ship builders. Aleksandr Petrushkin general director of "Litana-Latvia" and captain of the team led his team to a victory. Russian team, which was strong as always, won the second place. Lithuanian team won the third place, although this team was an absolute winner of the sports festival last year. Belarus team - the beginners of the sports festival took the fourth place. However, the best results are expected from them in the next stages of competitions. The

teams will take part in chess competitions, volleyball games, and bowling as well as arm wrestling competitions this year. Only men teams took part in the football games, whereas women took the role of passionate fans. Therefore women of the group of companies "Litana" are invited to take part in other competitions. Please, contact the team captains and actively participate in sports festival. The chess competitions will be organized next and held in the end of July.

HUMOR :)

Fable about labour relations

The sales manager, the secretary and their boss decided to have a breakfast, but on the way they found an ancient oil lamp. They rubbed it, as it is written in fairy tales, and the Gin appeared. "Thank you, for releasing me. I can make one of your wishes come true", the Gin said.

"Let me first, please!" – Delighted secretary said and told her wish – "I wish I were in Bahamas on the yacht with the beautiful and rich men and could forget about everyday problems..." And she

disappeared...

"Now it is my turn!"- Happy sales manager shouted – "I wish I were in Hawaii on the beach with the personal masseuse, drinking champagne and met a true love". ...He disappeared too...

"Well, it is your turn now, what is your wish, boss?" the Gin asked. The Boss answered: "I just want these two to be in the office after the breakfast."

Morals of the fable: Always! Allow the Boss speak first!

"One more meter and we'll find your helmet..."

CONGRATULATIONS UPON JUBILEE!

In June jubilees celebrate:

The 50 jubilee celebrate: **Vladislav Novikov** manager

Andrej Andrejev assembler
